Subject: [FACULTY-L] For LGBT Awareness Month: Fish Out of Water

On Thursday, April 10, please join Unison and Delta's LGBT Awareness Month Committee for a special screening of "A Fish Out of Water." This genre-bending documentary combines animation and interviews to examine controversies related to sexuality, gender, and the Bible.

The screening starts at 6 pm in S-125. Light refreshments will be served, and after the film, members of Unison, Delta's organization for LGBT students, will facilitate a discussion.

Don't miss this chance to engage with your community about what some people call the civil rights issue of our time. Believer or atheist, queer or straight, this film has something important for you.

Read more about the movie here: <http://www.fishoutofwaterfilm.com/>.

With any questions or to request disability accommodations, e-mail laurensmith3@delta.edu.

We hope to see you there!
