Subject: Monday's class

Hello Lauren,

I need to leave early Monday if at all possible due to the fact that I live an hour away and need to be home in time to get ready and get my guests who will be driving up to Midland with me for the ceremony. I appreciate it and I hope this won't be an issue.

Thank you again for your continued support regarding my writing! You are a true inspiration and I appreciate all the helpful tips you have given us throughout the semester.
