I just had a wonderful panel of four unison members talk in my applied psych class. A diverse and will spoken group. One person emotionally shared her story for the first time. It was an am going experience for my students, who embraced them. Two things I want to share:

1. They are looking for more opportunities like this, and
2. They are embracing the catchall acronym GSD: gender and sexually diverse. A possible remedy to the alphabet soup that encompasses all. I hadn't heard that before.

Subject: [GSA-L] Resource Center Sign

Hi all,

The LGBT Resource Center sign is now up in the Lower West Concourse. I appreciate Judy getting the sign made and posted. I must say, though, I'm quite disappointed the sign as Mike designed it is not the sign that is there. The "rainbow water" part of the Delta logo is missing. My guess is that our marketing department nixed it, even though it is one sign used internally, and even though the rainbow water is one more way to promote LGBT inclusivity at Delta College.
